Customer Journey Map

Dimension	Stage 1: Discovery & Entry	Stage 2: Processing & Score	Stage 3: Decision & Output
Actions	Browses home page, views model stats accuracy	Fills forms, uploads batch csv applicant spreadsheet	Receives decision (Approved/Rejected), confidence, and risk flags
Touchpoint	Smart Lender Landing page metrics dashboard	Credit risk form fields and Drag-and-drop CSV box	Scoring output card showing badges and download link
Thought	"Is the accuracy high? What models are they using?"	"Are all fields mandatory? Is CSV template structural?"	"Why was I rejected? What risk factors triggered?"
Feeling	Curious, interested in speed	Determined but anxious about forms validation	Relieved (if approved) or informed (if flags trigger)
Ownership	Team Lead (Alla Umesh)	Members (D. Siva Pranay & Joseph Raju)	Members (L. Priyanka & S. Vyshnavi)
Opportunities	Show real-time pipeline status details	Support auto-filling values for missing fields	Provide detailed actionable repair tips for high-risk flags
